Parent Waiver and Consent to Use of Student Information and Images on the SCCPSS Website

Many programs, activities, and events taking place in the Savannah Chatham Public School are of interest to the public. Often civic, athletic, educational, fine arts or other organizations are interested in learning about our students and programs. From time to time, we record digital images of students participating in these events and desire to share these with the community via our website (district or school levels) to provide information to the public about our programs and services.

Given the global nature of the internet, SCCPSS has policies that prohibit the posting of any student images or identifying information on our website without expressed written permission from the parent. It is our intent to aggressively protect student and family rights to privacy, and endeavor to publish student work and accomplishments on our site only as a means of sharing students' successes with our community.

Consent to Use of Student Information on SCCPSS District Web Sites

The undersigned parent or legal guardian of (student name) _____, a student of the Savannah Chatham County Public School System, agrees and consents to the posting of photographs or visual reproductions of the student in connection with regular and extracurricular activities on the district website. The undersigned understands that the use of any image is temporary and will not be stored in permanent archive (digital or otherwise).

The undersigned retains the right to refuse the posting of any particular image and to request the removal of any image at any time.
